"Request"

Please Consider Cleaning +
Removing the Abandoned
Trailers @ the Substation/Jail
building and
~~Also~~, the burned trees on
County right of ways.

Thanks

Will an Ordinance be developed
to require burned/damaged/other
hazards to be removed in a
timely manner or ^{owner} notified that
County will get all removed + bill
property owner for services rendered?

It is important to have
charging stations for
electric cars as we will
be transitioning. It is
understandable for homes to
be ready. But are we really
requiring new builds to have
them now?

QUESTION TO DFL VIA DFL EMAIL ACCOUNT:

When will the county address Title 25
ENERGY REQUIREMENTS & THE OPTION OF
REDUCING MINIMUM LOT SIZE FOR
COMPLIANCE ... IN WARNER VALLEY?
