ORANGE TIER

Vax for the Win!

With the COVID-19 vaccine widely available now, we are seeing a reduction in positive cases overall throughout the State. And it is without surprise that areas with high vaccination rates are seeing lower rates of infection. Across the nation we have seen all levels of leadership offer incentives to encourage residents to get vaccinated against COVID-19. Many employers have offered time off, colleges offer vouchers, and now we are seeing States offering gift cards and lotto drawings.

Vaccinate Plumas

Together we can end the pandemic.

From May 27, California is offering \$50 gift cards for the next 2,000,000 Californians that get vaccinated. If you were vaccinated earlier than May 27, you are not eligible for the \$50 gift card. Thank you getting the vaccine already! You have significantly helped your community. But don't worry, you have still been entered to win either \$1,500,000 or \$50,000 if you were vaccinated at any time. Ten winners will be selected on June 15 to receive \$1.5 million each— prizes totaling \$15 million! All Californians who have had at least one COVID-19 dose will automatically be entered. Everyone with at least one COVID-19 dose in the state of California will also be automatically entered to win big on \$50,000 Fridays! Thirty winners will take home \$50,000. Fifteen people will win on Friday, June 4 and another 15 will win on Friday, June 11.

With June 15 just around the corner, we are all excited for California opening up to resemble our lives pre-pandemic. Kindly remember that there still are regulations in effect around masking and the difference sectors. Our businesses in Plumas County are still required to follow Cal/OSHA's regulations for protecting employees. Thank you for doing your part to keep Plumas County healthy and safe. Plumas County Public Health wishes you the best of luck in winning these prizes!

01/06/2021 -

NIVEL NARANJA

Vacúnate para ganar!

Con la vacuna COVID-19 ampliamente disponible ahora, estamos viendo una reducción en los casos positivos en general en todo el estado. Y no es de extrañar que las áreas con altas tasas de vacunación estén experimentando tasas más bajas de infección. En todo el país, hemos visto que todos los niveles de liderazgo ofrecen incentivos para alentar a los residentes a vacunarse contra el COVID-19. Muchos empleadores han ofrecido tiempo libre, las universidades ofrecen cupones y ahora vemos que los estados ofrecen tarjetas de regalo y sorteos de lotería.

Desde el 27 de mayo, California ofrece tarjetas de regalo de \$ 50 para los próximos 2,000,000 de californianos que se vacunen. Si fue vacunado antes del 27 de mayo, no es elegible para la tarjeta de regalo de \$ 50. ¡Gracias por recibir la vacuna ya! Ha ayudado significativamente a su comunidad. Pero no se preocupe, aún se le ha inscrito para ganar \$ 1,500,000 o \$ 50,000 si fue vacunado en cualquier momento. Se seleccionarán diez ganadores el 15 de junio para recibir \$ 1.5 millones cada uno - ¡premios por un total de \$ 15 millones! Todos los californianos que hayan recibido al menos una dosis de COVID-19 serán ingresados automáticamente. ¡Todos los que tengan al menos una dosis de COVID-19 en el estado de California también participarán automáticamente para ganar en grande los viernes de \$ 50,000! Treinta ganadores se llevarán a casa 50.000 dólares. Quince personas ganarán el viernes 4 de junio y otras 15 ganarán el viernes 11 de junio.

Con el 15 de junio a la vuelta de la esquina, todos estamos emocionados de que California se abra para parecerse a nuestras vidas antes de la pandemia. Por favor, recuerde que todavía hay regulaciones vigentes sobre el enmascaramiento y los sectores de diferencia. Nuestras empresas en el condado de Plumas todavía deben seguir las regulaciones de Cal / OSHA para proteger a los empleados. Gracias por hacer su parte para mantener el Condado de Plumas sano y seguro. ¡El Departamento de Salud Pública del Condado de Plumas le desea la mejor de las suertes al ganar estos premios!
